The Greater Missouri Leadership Foundation is a nonprofit organization that presents the annual Greater Missouri Leadership Challenge. The Challenge is the premiere women's professional development program in the state. With more than 1,000 challenge participants our reach is far and wide. In 2024, we will educate our 35th class with a diverse group of women leaders. Your support will ensure that this one-of-a-kind program continues for many more years. Learn more about our marquee program at www.greatermo.org.

The sponsorship opportunities for our annual fundraising luncheon honoring outstanding women leaders are enclosed. Please take a moment to review the information and reach out to secure your sponsorship.
